here:

Box Clever is an award-winning, writer-led theatre company dedicated to the creation of contemporary theatre for young people. For over twenty seven years, our mission has been to bring exciting theatre to young people – the audiences of the future- and to involve them in plays, both as audience members, participants and co-creators. We aim to bring vividly to life, through theatre, their world and issues that are completely relevant to them, whether it's safety on the roads, relationships, bullying or subjects related to their education.

A CHRISTMAS CAROL

Dickens' festive ghost story, brought to life with fun, energy and a modern heartbeat.

What do you get when you mix live performance, music, audience interaction and just the right amount of spooky sparkle? A gripping take on A Christmas Carol that's equal parts educational and unforgettable.

This vibrant adaptation draws students into the story through clever staging, fast-paced action and lively audience participation. As Scrooge is confronted by his past, present and future, students are right there with him – laughing, reflecting and watching his icy heart begin to thaw.

Best for:
Ages 11–16 (Years 7 to 11)

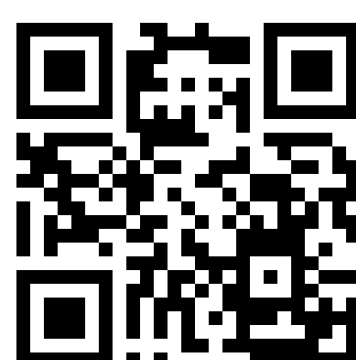

Subjects:

- English Literature (Dickens)
- Drama (character work and staging)
- PSHE (empathy, social values)

Why bring your students?

- Brings a classic text off the page with humour, heart and energy
- Supports understanding of character, structure and social context
- Perfect for end-of-term engagement with real learning impact
